Go Green with PRSCO

In an effort to eliminate waste and reduce costs, PRSCO is implementing an electronic communications program that will replace mailings and faxes with emails.

How will it work?

All emails will be department specific and forwarded to the personal email accounts that you provide.

Each PRSCO member will be asked to provide emails for each of the 4 departments listed below.

- 1) Accounts Payable - (Invoices)
- 2) Owner – (Annual Meetings, Shows, etc.)
- 3) Purchaser 1 - (Specials, New Products, etc.)
- 4) Purchaser 2 - (if more than one purchaser)

If you do not have an email account, you will be provided a username and password for each of the departments listed above. Your correspondences will be accessible through the “Customer Log In” link at www.prsco.org.

All of the correspondences you currently receive will be the same, except they will now be email attachments.

How do I enroll?

To enroll in this program please go to www.prsco.org and click on the

“Go Green” link on the left hand side. There you will be prompted to provide the contact information for each department listed above.

If you do not have email, your usernames and passwords will be mailed to the address that you enter.

Full co-operation in this program is greatly appreciated and will help keep PRSCO’s service fees and operating costs low. If you have any technical questions please contact

Diana Barbetta 215-785-3141 dbarbetta@prsco.org.

Thank You for your continued support.
